

March 2001

Kotso Lodge 330

## Kotso committed to 75 Sign up for Conclave!

During Triad, each lodge had to estimate how many members they would commit to bring to Conclave. Kotso decided that we would commit to bringing 75 Arrowmen. This should be an easy task for our lodge since we have more than 500 members on our mailing list alone. The cost is only \$30 if you pay before March 23. After that the price is \$40. You can sign up at the scout office. Since Conclave is being held at our own camp, we will definitely want to be seen. In order to facilitate this, we will have host lodge hats that we will be able to buy and wear at conclave so that we can be easily distinguished. They will be only \$12. We hope to have many more than 75 sign up for Conclave and we hope to see you there.

---

The trading post renovation is coming along great. Here is a photo of the new snack bar area.

## Winter Fellowships Successful in preparation for Conclave

Due to the great turnout and great weather during our two winter fellowships, almost all the work required to prepare Camp Tonkawa for the 2001 Conclave was completed. In addition to the tremendous amount of work that was completed, we inducted many new Ordeal members and several new brotherhood members. Some work will have to be done the week before Conclave so if you have some extra time after school or work during that week, any help would be appreciated. Thank you to all those devoted Arrowmen who attended the Winter Fellowships. You are the people who are going to make this Conclave possible.

---

The flagpoles in front of the health lodge got a shiny new coat of paint during the last Winter Fellowship.
